

CryoHealth^o

eCabine – WHOLE-BODY CRYO

UNIQUE FEATURES

- CTN eCabin requires no professional installation, no additional ventilation or infrastructure.
- Simple and quick plug-and-play device, ready to use almost instantly.
- First device on the market that operates with regular electricity and has totally automated and intelligent functions for ultimate safety.
- Real time monitoring of skin temp coupled with reactive cooling distribution and precise control ensures perfect recovery session every time.
- Clinically proven performance compared to any other devices and cryotherapy concepts on the market.
- Nominal operating costs combined with outstanding results.
